Dear Mr. Lopez,

I am writing to follow-up on our request on behalf of Energy Answers (please see below) to see if you would be able to hold a call with the team from Energy Answers International concerning their Arecibo Resource Recovery project. We hope to hear from you soon.

Please let me know if you have any preliminary questions.

Best Regards,

— Joseph "Joey" Snow

RE: Call Request – Energy Answers International

DATE: February 16, 2018

Representatives of Energy Answers International would like the opportunity of holding a conference call with you as soon as your schedule permits. The participants would include: Sean Mahoney, President of Energy Answers International; Mike McNerney, Vice President of Engineering; and Mark Green, the Arecibo Project Manager.

The purpose of the meeting would be to discuss the company's Arecibo Resource Recovery Project in Puerto Rico, which is up for a permit extension. The Energy

Answers team wants to ensure that you have all the relevant information regarding the project that you need. More information about the Arecibo project is in the attached project summary.

Energy Answers International was formed in 1981 with the mission of developing integrated solid waste management solutions with environmentally sound resource recovery technologies. Since its inception, Energy Answers has developed new, innovative, environmentally and economically sound technologies for use by municipalities and private investors around the world.

Please feel free to contact any of the individuals listed below with any questions or to schedule an appointment.
